issues, and initiatives. Yes No

Join us in making PTA a family experience. PTA is the one place for families to find ideas, resources, advice, and each other. It's where ordinary families discover extraordinary opportunities for their children, their schools, and their communities.

Just as our families raise, teach, and provide for their children, the PTA family has been supporting all of America's children since 1897. PTA is the inclusive, worldwide organization that our society needs, welcoming everyone who wants the best in education and health for every child.

Parents and grandparents, educators and legislators, neighbors and community leaders: you are all essential members of the PTA family providing a powerful and effective voice for all children.

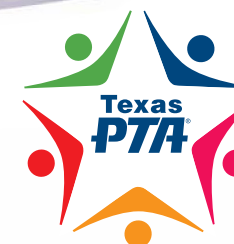

Our future leaders, innovators, citizens, and soldiers are our children, and our children are given their best chance to succeed when we all work together.

Join us and get involved with the largest volunteer child advocacy group in the country—join the PTA family.

- Chuck Saylor, 2009-2011 PTA National President

Discover the Benefits

PTA - America's Number One Family Engagement Resource

Why Should You Join?

PTA Member Benefits

All parents and teachers want to see children succeed. It is our greatest responsibility to help all youth strive for and realize their full potential. More than 30 years' worth of research has proven that children do better when their parents are involved both at home and at school. Grades and test scores climb. Self-esteem grows. Schools improve.

PTA speaks up for all children, with millions of members—throughout the country and all over the world—using every ounce of their passion, knowledge, and power to support kids' education, health, and well-being.

PTA engages and informs families, provides free resources and programs, advocates for better education and health, and builds a bond between home and school. Simply put: your support helps build for success!

- **PTA is America's number one resource for family engagement.** PTA has resources to help you and your child at all stages—from cradle to career. PTA provides tips on helping with homework, advice for preparing for parent-teacher conferences and relevant parent education programs. As a PTA member, you'll be demonstrating to your child the importance you place on his/her education.
- **PTA helps you keep up with what's happening at your school.** And you'll find out what you can do to make a difference for your child and to make your school an even better place.
- **PTA has a network that supports you.** PTA functions are opportunities to meet others and discuss issues of importance in your school. The PTA community is large, with 600,000 members in Texas - all working toward the common goal of helping children.
- **PTA provides opportunities for growth.** By volunteering with your PTA, you can put your skills to good use to benefit your child's education. You can also tackle new challenges that will help you grow.

The #1 reason to join PTA is to support your student and school. PTA also provides additional benefits.
