

LEADER TRAINING AND SUPPORT

Help for PTA leaders is just a click, call, or post away with Texas PTA! We offer a wealth of training and resources to empower every leader to back the future of children in their community!

PTA TRAINING

Essentials is an introductory course for new PTA Leaders, and **Basics** are position-specific courses with all the resources PTA Leaders need to fulfill their board duties. There is a Basics course (and accompanying resource guide) for all positions. Both are required Leader training.

Spotlights are topic-specific courses with laser focus on processes and procedures for PTA duties such as updating bylaws and standing rules and performing a financial reconciliation. These courses are not mandatory training.
