Candidate Application Summary

Both a student and parent digital signature will be required to complete the application.

The YES! program will provide young Texans with meaningful insight into the workings of policymaking and the art of civic engagement. Students will leave with new skills to be applied in their own communities — on campus, online, and in the field when serving others. To assist candidates in completing their application, the following summary provides a detailed overview of all required questions within the 2020 YES! application.

Once a candidate begins the online application, any information entered will not be saved if the application is closed before completion. We suggest preparing your responses in advance to help ensure a smooth application process.

Please contact the Texas PTA Programs Department with any questions regarding your application.
