Financial Reconciliation Frequently Asked Questions

Q: How much of the financial reconciliation committee report does the chair need to read at the first membership meeting of the year or the next membership meeting after the completion of the financial reconciliation?

A: Read the entire report, including the financial summary and bank account summary. All names and identifying language must be excluded from the report. If you suspect theft, fraud, or embezzlement, it is imperative that names and accusations not be included in the report and that the Texas PTA Theft, Fraud, and Embezzlement Policy is followed.

Q: There is not a copy of the IRS Form 990 for the fiscal year being reviewed. What do we do?

A: For the 990-N, contact the outgoing treasurer to verify it has been submitted to and accepted by the IRS. If it has not been filed, have the outgoing treasurer file and print the “accepted” status page. For the 990-EZ or 990, ask the outgoing treasurer if they have prepared a draft of the appropriate form. If it has not been prepared, note the status of the filing on the financial reconciliation report and notify the incoming president to follow-up with the outgoing treasurer. Electronic filing of the 990-EZ and 990 is required and should be completed once the financial reconciliation is complete.

Q: There is not a copy of the filed Sales and Use Tax return. What do we do?

A: Determine if the Local PTA had an obligation to collect sales tax (see the Collecting and Reporting Sales Tax portion of the BASICS Treasurer’s Guide at txpta.org/treasurer for guidance on when sales tax should be collected). If so, contact the outgoing treasurer to find out if the report has been filed and the sales tax has been remitted. If no sales tax was collected during the reporting period, verify the report was filed. If the sales tax return was not filed, contact the outgoing treasurer to prepare and file the report immediately. This is noted in the report.

Q: What if there is missing documentation, such as Funds Request Forms, receipts/invoices, etc.?

A: The committee should contact the treasurer and ask if the documentation has been misplaced. If the treasurer is unable to provide the documentation, this review is considered incomplete and appropriate recommendations should be made.

Q: What is the policy for checks from previous years that never clear the bank?

A: PTAs need to develop a policy on the time frame for checks to clear in their Standing Rules. Texas PTA recommends that “void after # days” is printed on the checks. How to record this transaction depends on the financial tracking program you use. In myPTEZ, an uncleared transaction from the prior year remains and can be voided or cleared during the current year. In other programs, the transaction from the prior year is recorded as income and increases the carryover balance. The transaction is then voided or cleared as appropriate.

Q: The financial reconciliation committee ending balance does not equal the treasurer's ending balance, and we do not suspect theft. Is it ok to move forward with our report if the treasurer is not responding to our requests for additional information or clarification?

A: Yes, the discrepancy should be noted in the financial reconciliation report. The incoming treasurer will make the appropriate adjustment in the financial records.

Q: Is the treasurer allowed to make corrections or enter missing transactions as directed by the Committee during the financial reconciliation?

A: Yes, in a reasonable amount of time and if returned promptly to the committee with corrected reports. The treasurer only receives the necessary information to correct the errors. All remaining documents or records stay with the financial reconciliation.

Q: Does Texas PTA allow digital signatures on the financial reconciliation report?

A: Yes
