- Have 75% of PTAs in Active Status by **May 15**

- Earn Silver award
- At least one Council board member attends LAUNCH

- Earn Gold award
- No PTAs in restructure as of **May 15th**

OUTSTANDING COUNCIL AWARDS

Council PTAs have 10 priorities that serve as a roadmap as they lead, guide, and support Local PTAs. Following that roadmap results in stronger leaders, greater engagement, and ultimately, every child's potential becoming a reality in your community.

Texas PTA has designed a series of recognitions to celebrate Councils as they step deeper into each priority. The recognitions are divided across three paths: Silver, Gold, and Platinum. Many Councils will find that their existing activities and events meet the requirements of a particular path. If that is the case, your challenge is to begin taking steps toward achieving the next medal.

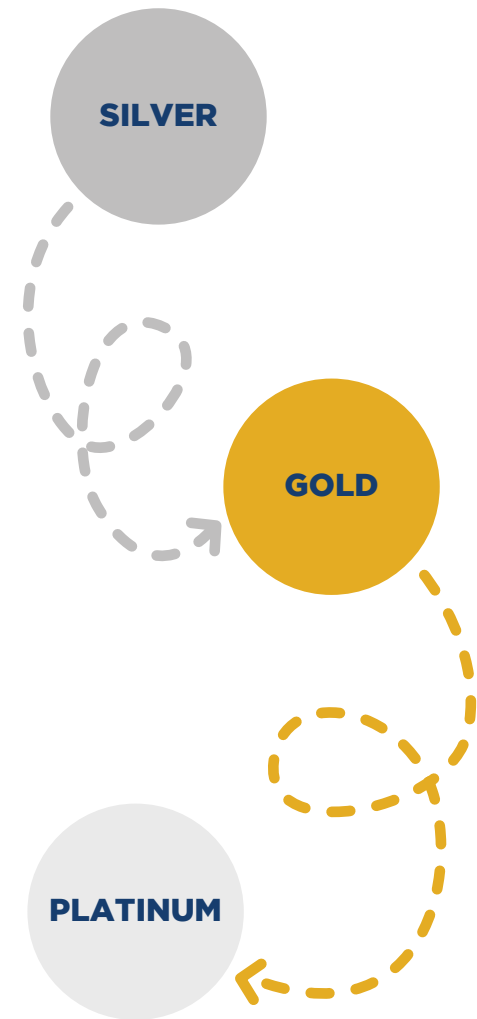

As boxes are checked off in each category, you will have a visual reminder of how your Council is progressing, as well as areas where you can grow and develop your PTA community. Some activities or events will check a single box and some may check more than one. These examples explain how a single project or event can check multiple boxes.

- **Example 1:** A monthly Council newsletter is sent out. Every newsletter includes the new *back the future* logo or the #YouCanPTA, plus links encouraging locals to sign up to be a National PTA School of Excellence or to Participate in Reflections. You would check Silver Purposes (used new *back the future* materials regularly), Silver Promoting (Encourage Texas and National PTA programs), and Gold Assisting (Use mass communications to address timely and emerging topics).
- **Example 2:** The council works with a local artist to showcase Reflections winners in a pop-up art gallery. This would check off both Gold and Platinum boxes for Projects (Partner with another entity to host a district-wide program or event supporting youth and host a district-wide program or event supporting youth.)

There are also Spotlight Awards that contribute to the overall achievements of a Council and are important enough to stand on their own. Each spotlight award focuses on a pillar of PTA: engage (good standing), educate (training), and empower (advocacy).

As your Council studies the road map and sets goal, consider reaching out to your Field Service Representative and other members of your support network across the state. Additionally, each priority is further defined in the Council Leaders Guide.

Texas PTA believes that each Council's journey from Silver to Gold to Platinum will help achieve our collective vision that every child's potential is a reality across the state of Texas.
